The GDPR introduces the requirement for transparency whereby the controller has transparent and easily accessible policies relating to the processing of personal data and the exercise of individuals' "rights and freedoms". Information must be communicated to the data subject in an intelligible form using clear and plain language.

The specific information that must be provided to the data subject must as a minimum include:

- the contact details of the Data Protection Officer, where applicable
- the purposes of the processing for which the personal data are intended as well as the legal basis for the processing
- the period for which the personal data will be stored
- the existence of the rights to request access, rectification, erasure or to object to the processing
- the categories of personal data concerned
- the recipients or categories of recipients of the personal data, where applicable
- any further information necessary to guarantee fair processing

2. Personal data can only be collected for specified, explicit and legitimate purposes

Data obtained for specified purposes must not be used for a purpose that differs from those formally notified to the Information Commissioner as part of Ieducate Centre's GDPR registration.

- All data collection forms (electronic or paper-based), including data collection requirements in new information systems, must be approved by the GDPR Owner.

5. Personal data must be kept in a form such that the data subject can be identified only as long as is necessary for processing

- Where personal data is retained beyond the processing date, it will be pseudonymised in order to protect the identity of the data subject in the event of a data breach.
- Personal data will be retained in line with the retention of records procedure and, once its retention date is passed, it must be securely destroyed as set out in this procedure.

6. Personal data must be processed in a manner that ensures its security

- Appropriate technical and organisational measures shall be taken against unauthorised or unlawful processing of personal data and against accidental loss or destruction of, or damage to, personal data.
